Executive Summary

Cerebral Palsy Canada Network Evaluation Findings: The user agent(s) that support the technology are accessibility supported and are available for utilization, connection and download in a way that:

- does not cost a person with a disability any more than a person with a disability
- is as easy to find and obtain for a person with a disability as it is for a person without disabilities

Scope of the Evaluation

Website name

www.cpcanadanetwork.com

Scope of the website

The CP Canada Network aims to inform and empower families by providing accessible, credible information on new research discoveries, educational opportunities, provincial services and programs and personal success stories. Information that is relevant specifically to individuals with cerebral palsy will be continuously updated, so as to optimize awareness and understanding of the condition and facilitate access to the best services and supports.
