

## **Accessibility Statement for Cerebral Palsy Canada Network**

This is an accessibility statement from Cerebral palsy Canada Network.

### **Measures to support accessibility**

Cerebral palsy Canada Network takes the following measures to ensure accessibility of Cerebral Palsy Canada Network:

- Include accessibility as part of our mission statement.
- Include accessibility throughout our internal policies.
- Integrate accessibility into our procurement practices.
- Appoint an accessibility officer and/or ombudsperson.
- Provide continual accessibility training for our staff.
- Assign clear accessibility goals and responsibilities.
- Employ formal accessibility quality assurance methods.
- Cerebral Palsy Canada Network recognizes that access to information and communication technologies is a basic human right. We ensure that website content is accessible to all and is compatible with all devices, communicators need for accessibility.

### **Conformance status**

The [Web Content Accessibility Guidelines \(WCAG\)](#) defines requirements for designers and developers to improve accessibility for people with disabilities. It defines three levels of conformance: Level A, Level AA, and Level AAA. Cerebral Palsy Canada Network is fully conformant with WCAG 2.1 level AA. Fully conformant means that the content fully conforms to the accessibility standard without any exceptions.

### **Additional accessibility considerations**

Link text, text in images, use of color & contrast, zoomed content.

### **Media Alternatives**

All audio files, videos and GIFs have text alternatives, enabling people with vision impairment or hearing loss to access them.

- Audio Files: added text transcript of what you can hear
- Videos without Sound or GIFs: Added text description of what you can see
- Videos with Sound: Added captions that explain what you can see and hear, and the context
